

Mothers in Chains

Wisconsin's Shame

God's action in Jesus calls us to action!

Call on Wisconsin's legislature to end the dangerous and shaming practice of shackling incarcerated pregnant women - including those in labor - as 21 other states have done.

Call your state senator in support of WI Senate Bill 393 to end this egregious practice *throughout pregnancy and birth* for women across our state.

See MOSES' website mosesmadison.org: Home Page, right side: Our Issues: **Mothers in Chains** for information.

Note we are asking for the bill *as first written*. Amendments to unshackle only those in labor are *unacceptable because of psychological and medical risks throughout pregnancy*.

Please spread this call to action widely, especially urging your contacts outside Dane County to contact their representatives this season! SB 393 is likely to come to vote January 16. **Phoning** your own senator is considered the most effective contact.

Frequent calls help build momentum - and can substantiate your Advent prayer with real engagement toward the justice of Jesus

Peace in this journey, MOSES.

Madison Organizing in Strength, Equality, Solidarity.
